The Level 1 Extracorporeal Shockwave Therapy (ESWT) Certification Workshop is a structured, hands-on clinical training programme designed to equip healthcare practitioners with foundational knowledge and practical skills in guided Dolorclast® therapy. The workshop integrates evidence-based principles with supervised practical application, enabling participants to safely and effectively incorporate ESWT into routine clinical practice for common musculoskeletal conditions.

## OBJECTIVES

- To introduce the fundamental principles and mechanisms of extracorporeal shockwave therapy.
- To develop competency in the safe operation of Dolorclast® ESWT equipment.
- To apply clinical reasoning for appropriate patient selection and treatment planning.
- To demonstrate correct treatment techniques for common musculoskeletal indications.
- To enhance clinical confidence through guided hands-on practice and case discussion.
